İnönü Bulvarı No. 36
Emek - Ankara
Republic of Türkiye

**RE: Republic of Türkiye – Loan Number 9580-TR
Türkiye Earthquake Recovery and Reconstruction Project
Second Amendment to the Loan Agreement**

Dear Mr. Dönmez:

We refer to the Loan Agreement, dated September 1, 2023, between Republic of Türkiye (“Borrower”) and the International Bank for Reconstruction and Development (“Bank”) for the above-mentioned project (“Project”) (“Loan Agreement”). The capitalized terms used in this letter (“Amendment Letter”) and not defined herein have the meanings ascribed to them in the Loan Agreement.

We also refer to your letter to the Bank, dated December 27, 2024, affirming the Ministry of Health’s and İller Bankası Anonim Şirketi (İLBANK)’s request to restructure the Project. We are pleased to inform you that the Bank agrees with the request, and the Loan Agreement is hereby modified as follows:

1. Schedule 1 to the Loan Agreement is hereby amended as follows:

(a) By revising Part 1.A (i) (b) to read as follows:

“(b) repairing and reconstructing damaged and non-damaged water and sewage networks, water transmission lines, water treatment plants, wastewater treatment plants, and stormwater drainage to: (A) be more disaster and climate resilient, including, *inter alia*, adaptation to climate change and/or integration of climate-smart and/or nature-based technologies and solutions for climate change mitigation, as relevant; and (B) accommodate large population due to internal displacement, and new infrastructure for the sustainable post-earthquake reconstruction of transmission line, drinking water center, and stormwater infrastructure;”.

- (b) By revising Parts 2.A and B and C to read as follows:

A. *Ensuring continuity of primary-level and hospital-level health services*

- (i) Establishment of a network of fixed prefabricated family medicine centers supported by mobile primary health care units to replace the collapsed, heavily, and moderately damaged primary health care buildings in the Earthquake-affected Provinces; said activities include:
 - (a) installing prefabricated, energy efficient, fully equipped, family medicine centers for primary health care service delivery in the region, including supervision consultancy services to ensure quality installation, adherence with environment and social management plans and occupational health and safety; and
 - (b) providing mobile health clinics in Project Provinces.
- (ii) Provision of furnishings, medical equipment and medical goods to support: (a) the immediate operation of approximately eleven (11) new prefabricated emergency hospitals in the Earthquake-affected Provinces; (b) the operation of other hospitals in Project Provinces; and (c) eligible primary health care facilities.

B. *Providing mobile diagnostic services*

Establishment of a network of mobile diagnostic services to support field emergency hospitals and prefabricated primary health care facilities in Project Provinces; said activities include providing:

- (i) mobile units equipped with imaging equipment;
- (ii) mobile public health laboratories for microbiology and water analysis;
- (iii) mobile computerized tomography devices;
- (iv) mobile digital X-ray and ultrasound devices;
- (v) ambulances and fully equipped medical all-terrain vehicles; and
- (vi) mobile command control vehicles.

C. *Supporting access to vaccination, disability services, and medical equipment*

Restoration of MoH's capacity to provide vaccinations, addressing the needs of people disabled due to the February 2023 Earthquakes, and curbing the spread of infectious diseases; said activities include:

- (i) replacing damaged provincial and district vaccine warehouses with energy efficient, prefabricated, and light steel construction vaccine storage containers to be located in the Earthquake-affected Provinces to serve as regional vaccine warehouses;
- (ii) providing vaccine transport vehicles to ensure timely distribution of vaccines from the regional warehouses to settlements across the Earthquake-affected Provinces, including container cities, dispersed villages in rural areas, and shelters;
- (iii) providing equipment for disability services, including, *inter alia*, microprocessor prosthesis, orthotics and prosthesis, and battery powered wheelchairs in Project Provinces;
- (iv) providing equipment and capacity building for physical therapy and rehabilitation centers in Project Provinces;
- (v) providing home health care service vehicles and related kits, and Psycho-social Support Vehicles in Project Provinces; and
- (vi) providing essential medical supplies such as biocidal products and rapid test kits in Earthquake-affected Provinces.”

2. Section I.A.2 of Schedule 2 to the Loan Agreement is hereby amended as follows:

(a) By revising paragraph (d) to read as follows:

“(d) carry out Part 2.D of the Project within the twenty-four (24) month period between January 1, 2024, and December 31, 2025.

(b) By adding a new paragraph (e) to read as follows:

(e) Carry out Part 4.B of the Project within the eighteen (18) month period between January 1, 2024, and June 30, 2025.”

All other provisions of the Loan Agreement, except amended herein, shall remain in full force and effect.

Please confirm, on behalf of the Borrower, your agreement with the foregoing, by signing and dating this Amendment Letter. This Amendment Letter shall be executed: (a) electronically, by e-signature (DocuSign); and (b) in hard copy, by wet signature, in two counterparts. Both the electronic version and hard copy version of this Amendment Letter shall be signed, respectively, by the same parties and on the same respective dates. Please return one signed hard copy to us. The provisions set forth in this Amendment Letter will become effective as of the date of the countersignature by the Borrower’s authorized representative.

Please also note that the Restructuring Paper dated December 31, 2024, a copy of which is enclosed herewith, will be disclosed on the Bank's external website in accordance with the Bank's policy on Access to Information.

Sincerely,

INTERNATIONAL BANK FOR RECONSTRUCTION AND DEVELOPMENT
